

Kent Fitness League

2013/2014

**An annual cross-country league competed for between
October and March**

THIS IS TO CERTIFY THAT

Michael Jarvis

(Dartford H)

SUCCESSFULLY COMPLETED 7 RACES AS FOLLOWS

Event Date	Venue	Pos	Out of	Score	Time	Rating
20th October 2013	Knole Park	43	314	NS	37:31	86.62
10th November 2013	Swanley Park	79	352	NS	34:08	77.84
24th November 2013	Oxleas Wood	40	305	NS	35:58	87.21
29th December 2013	Avery Hill Park	49	288	NS	33:51	83.33
5th January 2014	Minnis Bay	42	256	NS	43:34	83.98
2nd February 2014	Blean Woods	21	240	NS	33:51	91.67
16th March 2014	Swanley Park	39	178	NS	33:18	78.65

Overall Rating: 86.56% Overall Position: 20th (out of 593)

In the table above, Score indicates whether the runner scored for her/his club in the race, with "NS" indicating that the runner did not score. There are seven scoring positions for men and three for women. One of the male scorers has to be a veteran over 50 ("50" in the score column) and one has to be over 40 ("40"). One of the female scorers has to be over 35 ("35") or, prior to the 2004-5 season, over 40. Scorers other than veterans are indicated by the scoring slot they are in e.g. M4 indicates the fourth male non-veteran scoring slot. The figure after the dash is the position of the runner amongst the scorers so "40 - 5" indicates that the runner was the over 40 scorer and the fifth male to score for the club in that race.

Rating is the percentage of runners beaten in the league race, taking into account a notional "extra" runner. For example, if a male runner finishes 101 out of 200 (with 200 being the total men in the league race) then the calculation is $(201 - 101) / 200 = 0.5$ or 50%. The overall rating is calculated as the average of the best five ratings.
